HURRICANE OF 1938

COVER - Awesome is the word for it. Win Jenney's picture of this great wave breaking against the 3-story Stackpole home is the building storm. Yet to arrive is the tidal surge that swept in to cover the spot where Win is standing and where the cars are parked. Only the fieldstone base of the home kept most of the structure from being swept away as later waves broke over the roof as yachts broke up on the rocks around it.

PHOTO, PAGE 2 - The corner of Pearl and Water Streets in front of the Munro home shows the after-effects of the wind and tidal surge. Before that day, the towering elms formed a tunnel over Water Street. The great trees had roots in a huge ball and the wind tore the ball loose and rolled the trunks down. Boats and lumber littered Main Street to a point beyond the Town Hall. Win Jenney Photo.

1938 Recalled

It will shock some to learn that they can remember an event that occurred 45 years ago. Remember as if it were yesterday. A great storm, and this was the storm of the century having no name because it was the first, is indelibly etched in the mind. There is no one story. Everyone has a story, having seen it from a unique viewpoint and recalling every detail of that day. It was a complete surprise and generated many heroic rescues. It changed the waterfront face of the town like the wiping of a slate and nothing came back exactly as it was before. Nature on a rampage may be likened to a glimpse of the power of the Almighty. No witness to a hurricane can ever take the sea for granted or be complacent with the power of mankind. Whatever man can build the sea can take apart in about 3 hours. It is sort of a comfort to know that the shore is a frontier, that nothing at the edge of the sea is forever. People with salt in their lungs have a spirit of adventure no further away than the nearest seawall. We balance on the edge of the continent and it is ever change and sometimes excitement.

Selectmen's Meeting

SEPTEMBER 13, 1983 by Virginia Arral

NEW WHARF REGULATIONS

New wharf regulations were officially adopted by a joint vote of Lloyd Haskell, Harbor Master and Wharf Commissioner, and the Selectmen, to take effect immediately. The rules were most recently amended by the May 2 annual town meeting. The new vote deletes Section 11 in its entirety and substitutes the following:

"Section 11. Designated area for repairs shall be on the graveled area north of the launching ramp. If said graveled area is full and an emergency arises with a boat in the water, this boat may be placed in the parking area for repairs; provided special permission for use of the paved area is granted by the Commissioner or the Board of Selectmen in the absence of the Commissioner. Use of the graveled area shall be limited as follows:

Boats owned by Mattapoisett residents or property owners.

Boats other than the above in cases of emergency and with the approval of the Commissioner or the Board of Selectmen in the absence of the Commissioner, or

Boats having repairs completed by Mattapoisett businessmen.

Mattapoisett residents (or property owners) shall be given no longer than two weeks for emergency repairs and no longer than five working days for general repairs at no charge. All others will be charged 50 cents per foot per day for repairs. In addition, all persons shall be charged $5.00 per day for the use of electricity and water."

On a similar matter, Selectmen extended the date at which the owners of the "Mamarack" were ordered to remove their boat from the repair area on the town wharf.

Marc Mardirosian requested an extension until 4 p.m. Friday (September 16) at which time Brownell Boat Works will remove

CONTRIBUTION FOR LIBRARY

Selectmen received from Ruth B. Oliver, 36 Water Street, a contribution for the balance of the cost of shelving installed recently in the Mattapoisett Public Library in memory of her husband, Andrew Oliver.

Accepting the check for $2,993.00 on behalf of the Library Trustees was the Rev. Paul B. Myers. The total cost of the shelving was $7,900.00 for which the Oliver bequest has paid.

collector, and this memorial is in the area of his great interest -- BOOKS."

Rev. Myers said, "This is something the town will be proud of. There will be a dedication of the refurbished first floor (left side as you enter the front door), the former children's area, when the room is complete." "Hopefully, by Christmas", Myers added.

Chairman John N. DeCosta commented, "You Trustees did a fine job in your continuing dedication to refurbishing the library." Myers responded saying, "most of the initial town-voted funds went to the structure (the building and heating system). Now we're concentrating on the inside of the library."

Oliver, a New York lawyer, was well-known as an author of scholarly books on portraits of famous people. He wrote a book on the portraits of John Adams, John Quincy Adams and John Marshall. His interest in portraits began at an early age when his parents had many portraits of Revolutionary War era personalities.

Oliver also was a trustee for the Coleman Trust Fund. In that capacity as trustee, $10,000 was donated several years ago to the library to be used to refurbish the

REPORT FROM FEDERAL AGENCY

Selectmen received a summary report from the Federal Emergency Management Agency regarding construction in the Flood Plain Zone. The report states that the town's records are well organized and complete.

Only one instance of non-conforming construction was found within the town. A restudy of new coastal flooding elevations will commence this fall. The non-conforming house will not have to be altered, but the fact will be noted in the owner's Flood Plain Insurance.

Carol Bertram, 122 Acushnet Road; Eleanor M. Gartland, 28 Brant Beach Avenue; Eleanor C. Lewis, 101 Acushnet Road; and George R. White, Jr., 3 Bayberry Lane.

Some visual problems can be better corrected or improved by wearing contacts than with eyeglasses, according to the Better Vision Institute. Still they are not for everyone, and a real need for vision correction and strong motivation are important to successful wearing of contact lenses.

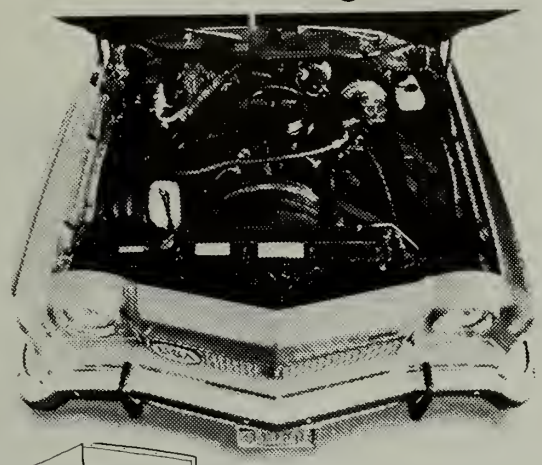
A dirty cooling system is destroying this engine and you can't even see the damage.



There's more to your car's cooling system than meets the eye. In fact, the inner-workings of your engine and automatic transmission depend on proper cooling.

A dirty cooling system will allow deposits to accumulate in the crankcase. This build-up of deposits can result in costly repairs.

But you can help avoid this expense and inconvenience with WYNN'S X-TEND Power-Flush and WYNN'S X-TEND Cooling System products. A new approach to cleaning and maintaining your automobile's entire cooling system while helping to maximize cooling system efficiency.

WYNN'S X-TEND Power-Flush unit uses pressurized water and air to flush the cooling system — including even those hard-to-reach areas.

Your automobile manufacturer recommends cooling system maintenance on a regular basis, so act now. Because when you can see the damage, it'll be too late.

"FOREIGN AFFAIRS" MAGAZINE AT LIBRARY

"Foreign Affairs" is the name of a magazine new to the Mattapoisett Library collection. The magazine itself is not new; on the contrary, it is one of the oldest and most highly regarded publications in any library's offering.

History can and does repeat itself, and what is desperately needed is an intelligently directed foreign policy based upon an electorate as informed as possible. We get our daily or weekly "news" in "threads and patches and songs and snatches". This is not enough; it is not enough merely to react to the days' events, horrendous as they may be.

"Foreign Affairs" aims to provide depth and perspective to "events" and thereby bring some understanding to our relationships with the other nations and peoples who inhabit our little planet earth.

Well, here is an opportunity to become a better informed citizen. The magazine is published five times a year and non-current issues may be borrowed on the same basis as a book.

Letter to The Editor

I would appreciate a bit of space in the Presto Press to share some thoughts and air some feelings after reading of the shooting of Joseph Rochette's friend, Ziggy. (Though I live now in Providence I grew up in Mattapoisett and I like to keep up with what is happening in town.)

There is a belief held by certain widely-followed religions that human beings are the only creatures to possess souls; that other animals and creatures do not have them. I have never believed this. I, and other people like me, believe that this attitude is simply a justification to heartlessly and thoughtlessly (and blindly) use, abuse and destroy whatever Man in

his Infinite Wisdom wants to. It is a chauvinistic attitude; Human Chauvinism viewing the entire planet and everything in it as their personal playground and playthings, unthinkingly causing destruction, pain and death, and promptly forgetting all about it.

This is the attitude, instilled in children by their parents and religious leaders, that led to Ziggy being shot. I am saddened to say that this sort of thing is not rare; there are many reports in Providence of animals being beaten to death with baseball bats while suspended from a tree branch by a rope ... or being slowly tortured until the person is tired of the game and cuts the creature's throat...or getting into the Roger Williams Park Zoo and breaking the neck of a large tropical bird...On and on it goes, because people think "dumb animals" have no souls; it's okay, they're not like people.

They ARE like people. Animals feel pain, get hungry, know fear and joy, love and hate, are born, live and die just like people. Animals deserve our care and consideration; all animals, because people have made it so difficult for animals wild and domestic to survive without our help. But no, an ancient, misguided teaching has told us that we are supreme upon the earth, and all things in it are simply dust below our feet or fodder for our wants, not worthy of the least thought.

To the one who shot Ziggy; you are a despicable wretch, and as far as I am concerned you have committed worse than murder. If I find out who you are, you will wish you had never even heard of pellet guns.

My profound sympathy goes to the Rochettes, with the assurance that Ziggy is well and happy, though missing you, somewhere.

Glass Museum

DOCENT COURSE

The New Bedford Glass Museum is holding its annual Docent Course for all those interested in becoming volunteer gallery guides at the Museum. The classes will be held on Thursday afternoons at 3:15 September 22 through December 1.

The course covers the history of glassmaking in New Bedford, its aesthetic sources and innovations, the techniques of glassmaking, and glass connoisseurship, conducted by Museum Director Janie Chester Young. Students will observe glassmaking at the New Bedford Glass Works, across from the Museum, and work with the Museum's permanent collection during their training.

Previous glass knowledge is not a prerequisite for enrollment, but participants must be available on a flexible basis to serve as Museum Docents, if they successfully complete the course. Each class will last approximately 75 minutes, and there will be no class during the Thanksgiving holiday. Tuition is free of charge.

To enroll, please call the Museum, 994-0115, or pick up a registration form at 50 North Second Street, New Bedford. The New Bedford Glass Museum is located in the Historic District, near the Elm Street parking garage.

Although her design is more than 200 years old, the Peapod still ranks as one of the finest small boats available for sailing, recreational rowing, and as a yacht tender. Completely hand-laid in fiberglass and liberally trimmed in mahogany and brass, she features a centerboard and kickup rudder allowing easy exploration of our coastal marshlands. She can be car-topped, trailered, or hauled in the back of your pickup. Her fine lines and seaworthy characteristics make her the perfect example of traditional New England craftsmanship.

JV FOOTBALL SCHEDULE CANCELED

It is with regret that we must cancel our JV Football schedule for the 1983 Fall season. The number of youngsters involved in the football program does not permit us to carry a JV squad.

Our Freshmen Football program will go on as scheduled.

I appreciate your understanding of the situation and hope we will be able to carry such a squad next year.

and Sensitivity in Patient Care.

Hospice Volunteers work as a team with medical professionals, social workers, clergy and home health aides to bring the necessary medical and emotional support to dying patients - mostly cancer victims - and their families. Once a volunteer is assigned to a patient, the program becomes highly individualized, geared to the particular needs of the patient and family.

Patients often feel more comfortable with someone of the same sex. Due to a current lack of male volunteers, men are especially needed.

To apply as a Hospice Volunteer, contact Hospice Volunteer Coordinator JoAnn Beaulieu at St. Luke's Hospital, 997-1515, Extension 2520.

doors and out. More than 40 folk performers of national and international reputation will participate in the workshops and concerts.

"Eisteddfod" is a Welsh word which means "a coming together and sitting down of bards and minstrels". The first authentic eisteddfod took place in 1179 at Cardigan Castle, sponsored by Lord Rhys, prince of West Wales. The SMU Eisteddfod was founded in 1972 by Prof. Howard Glasser of the College of Visual and Performing Arts. He continues as artistic director and Jean Saltzman is director of the Eisteddfod. Jean is the wife of Robert R. Saltzman, SMU's director of alumni affairs.

Workshops and country dancing are free. Tickets prices for the public for concerts in the auditorium are $7. each or $18 for an all-weekend ticket. For students, senior citizens, SMU faculty and staff, tickets are $5. each or $12. for an all-weekend ticket. The children's concert is free.

Annie is based on the famous cartoon character Little Orphan Annie. The musical begins with Annie caught in an orphanage, presided over by a formidable tyrant named Miss Hannigan. Annie, convinced that somewhere her parents are alive and wanting her, tries to escape from the orphanage. Fate steps in when Daddy Warbucks, one of the richest men in the world, wants an orphan to spend Christmas with him. His secretary chooses Annie and the rest is history.

A cast of 23, plus Sandy the Dog, and an orchestra all will combine to make Annie a treat for the entire family when it opens the Zeiterion Theatre's second performing arts season. Annie begins on Wednesday, September 21 and plays through Sunday, September 25 for eight performances. Evening performances are at 7:30 p.m. and matinees will be held Thursday, Saturday and Sunday at 2:00 p.m.
